Plot of land for construction of Single Family House in Serzedo

Plot of land for construction of Single Family House in Serzedo

Inserted in the Private Condominium "Quinta do Outeiral", this lot (54) has a total area of 800m², the implantation area is 190 m² and gross building area of 490m², spread over basement, ground floor and 1st floor.

This plot of land is intended for the implementation of a detached house with basement, ground floor and 1st floor for a single house and annex, as we can see in the photo of the existing property.

The architecture of the house follows the existing alignments with neighboring properties, ensuring perfect integration with the urban landscape of the subdivision. It is integrated in a subdivision of houses with 77 lots, all of them of recent architecture.

Inserted in a condominium consisting of: concierge, 2 exclusive tennis courts for residents, pedestrian walkways and 20 000m² of green area, property that forms an integral part of the Lots

Great location with shops, services and an equestrian center in its surroundings.
